Scoilnuacht 20 -March 2022

FMS with Barry: We are delighted to have Barry from Active Sports Coaching back with us for the rest of this term and into our final term also. Barry will work with all children every Monday morning. A great start to our week. Tracksuits can be worn on Mondays for the coming weeks.

Coaching with Kevin: Friday morning coaching continues each week with Kevin. Change of footwear and/or clothes is necessary.

Hurling League: Some superb talent on show for our matches every Friday. Once we finish the league we will re-juggle the teams and start our in house hurling championship. We also plan to have time for a Football championship this year.

Cuman na mBunscoil: We head to our first blitz in Holycross next Thursday March 31st. We will be up against Gaile N.S. and Castleiney NS. Hopefully we can do well and come out top of our group and therefore go forward to the next stage. More details to follow in relation to travel and times later this week.

Primary Game: The very best of luck to Sean and Andrew who are trialling for the Primary Game hurling and football teams. Sean has already made it through trial one and we wish him luck heading into trial 2 this week. We wish Andrew the very best with football trial 1 this week. Go n-eirí libh.

Lions Club/Town Park project: Local schools had recently been asked to participate in a project to help brighten up the entrance

to the park in Templemore. We are enjoying working on our chosen theme of Swans on the Lake and we look forward to it being on display over the Easter break.

Blast Arts Project: Annie will be back working with us on Tuesday March 29th as part of the prize we won through Laois Education Centre. We look forward to seeing the wonderful creations Annie will help us to work on.

Swimming: Swimming commences on the first Monday after the Easter break. Reminder to return all consent forms as soon as possible.

Planting Season: We are enjoying seeing our onions beginning to peep up in the outdoor planters. We have Sunflower seeds and pumpkin seeds being well cared for indoors and look forward to being able to transplant them once they get a little stronger.

Staying Healthy: We are hoping that the nicer weather will help us all to continue to stay as healthy as possible by being outdoors and getting as much fresh air as we can. Thanks to all for keeping us informed of any illness and taking the necessary precautions to keep us all as healthy as possible.

Regards

Mary, Lauren, Jenny, Aisling, Arlette, Níall.
