Sustainability Policy Statement

All public service bodies are required under the Climate Action Plan to adhere to the Public Service Climate Action Mandate – and to develop Climate Action Roadmaps setting out how they will deliver on their energy efficiency and emission reduction targets.

Schools now have a separate Climate Action Mandate under which they are required to adopt a Sustainability Policy Statement. The School Sector Climate Action Mandate can be read in full here: [gov.ie - School Sector Climate Action Mandate \(www.gov.ie\)](http://www.gov.ie)

The second National Strategy on Education for Sustainable Development – ESD to 2030 also informs the content of the following Sustainability Policy Statement template.

ESD aims to ensure that “by 2030, all learners acquire knowledge and skills needed to promote sustainable development, including among others through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship, and appreciation of cultural diversity and of culture’s contribution to sustainable development”. (Sustainable Development Goal 4.7)

The following has been prepared as part the School Sector Climate Action Mandate, and in keeping with the principles and themes of ESD to 2030, and has been accepted by the Board of Management of our school.

Ar Scath a Cheile a Mhaireann Na Daoine

School Roll No: 14460N
Principal: Mary Kennedy
Deputy Principal: Kate McGrath

Purpose

The purpose of this Sustainability Policy Statement is to outline how our school promotes sustainability and climate action, through our actions and activities. Sustainability can be defined as the ability to exist and develop without depleting natural resources for the future.

Scope

Sustainability is a community issue and applies to all students, teachers and employees of our school. Parents and guardians should note, and where possible, promote, the Statement. The Board of Management of the school will ensure that decisions made in respect of the school align with the Statement.

Vision, mission and values

Our school's vision is to create a learning environment where sustainability is a shared responsibility and a way of life.

Our school's mission is to empower every student to become an informed, compassionate and active steward of the environment and society.

Our school values include responsibility, respect, integrity, innovation, collaboration and empathy.

Whole School Approach to Sustainability

- Our school has adopted this Sustainability Policy Statement. It clearly details the aims and objectives of Education for Sustainable Development (ESD) in our school, its relationship to the vision and mission of the school.
- Our school recognises Education for Sustainable Development as a cross-curricular theme, and this is co-ordinated effectively in our school.
- Opportunities are identified to introduce and address sustainability in the classroom, across all subjects.
- All our school policies are aligned to the principles of sustainable development.
- Resources to assist in the teaching of sustainability are adequate and sufficient at all levels.
- Our school carries out regular self-evaluation of our teaching practices in the area of sustainable development.

Environmental sustainability

Green-Schools is an international environmental education programme, offering a well-defined, controllable way for schools to take environmental issues from the curriculum and apply them to the day-to-day running of their school.

- Our school is part of the Green Schools Programme.
- Our school was awarded it's 10th Green Flag in 2025
- Our school engages with the [SEAI Energy in Education](#) resources and energy management tools in order to monitor and report energy consumption.
- Our school has a comprehensive and cohesive recycling policy in place, and uses recycled and recyclable materials whenever possible.
- Our school has comprehensive policies in place in respect of water conservation, waste, food waste, single use plastics, energy.....
- Our school resources are procured and utilised taking into consideration their impact on the environment.
- Our school environment clearly displays information on sustainability and sustainable practices in prominent and accessible places.
- Our school actively promotes and fosters an attitude of care and responsibility towards the natural environment.
- Our school promotes and facilitates outdoor learning
- Our school promotes and facilitates biodiversity
- Our school promotes sustainable transport including where possible, walking and cycling to school.
- Our school engages with the Picker Pals programme to support and promote Environmental education

Social Sustainability

- Our school ethos recognises the importance of and is sensitive to issues surrounding gender equity.
- Our students are provided with opportunities to develop and use their skills to participate in the solving of community problems at local level.
- Our school ethos strives to prepare students for life as citizens of a global community.
- The needs of all students in recognition of differentiated physical or learning abilities, are taken into consideration and accommodated.

- All school staff are provided with the training in the area of conflict resolution, in order to support and affect positive student behaviour.

Economic Sustainability

- A non-competitive ethos of co-operation and sharing of resources is modelled in our school's allocation of its resources.
- Students are involved in the decision-making process on resource allocation within our school, through our student council.
- Students are provided with opportunities to learn small business skills, through our Junior Entrepreneur programme.
- Our school's fund-raising activities reflect and actively demonstrate ethical and sustainable principles.
- Our school buildings are maintained to a high standard, with best practise in the area of sustainability in mind.
- Our school educates on, and promotes the principles of, a circular economy

Cultural Sustainability

- Our school ethos aims to foster students' self-esteem, along with a mutual regard and respect for fellow students, and positive social interaction and relationships.
- Our school ethos, in tandem with the curriculum, strives to prepare students for life in an increasingly multicultural society.
- Our school demonstrates a commitment to community engagement, and encourages the community's involvement with the school.
- Our school has an active role in supporting cultural diversity both within the school itself, and in the wider school community.

Teacher Competence

- Our Teachers are supported in building their own capacity in the area of ESD.

Student Competence

- Our students are encouraged and supported to participate in peer to peer learning activities
- Our students are encouraged and supported to undertake action orientated projects
- Our school has a Student Council and a Green School Committee.
- Our students are encouraged to volunteer for local community action on sustainability projects

Killea National School

- Our schools are involved in project based learning around real-life problems in the local community

Goals

Our school will aim to achieve our next Green Flag for Water by 2027.

Implementation and review

This Statement was implemented on December 1st 2025. To ensure our school strives to improve its work within sustainability and climate action, the Statement will be reviewed regularly.
